Anthony and Cleopatra.
Cymbeline.

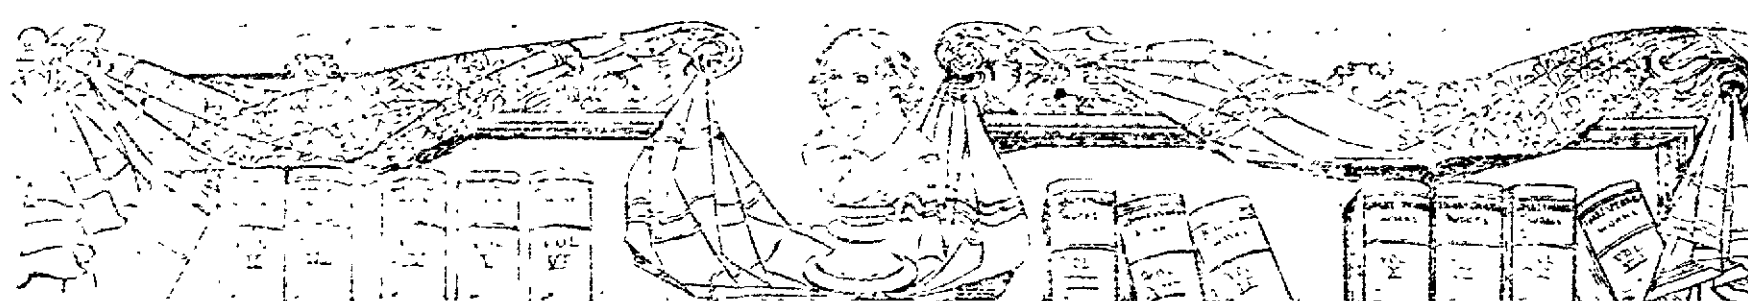

May 16. Vol. XII.

Pericles.
Poems.

May 20. Vol. XIII.

Glossary.
Concordance.
Index to Characters, Etc.

A REMARKABLE COMBINATION FOR PUBLIC SERVICE

The Herald Shakespeare Club

The Plan.

The riddle of the sphinx has been solved. The greater riddle that is now agitating the literary world, "Did Shakespeare write the plays credited to him?" may never be. But it will not be for want of investigation. In the past year over a thousand Shakespearean Clubs have been organized to study the discoveries recently made to the "Cipher on the Tenth Stone" and the Cipher in the Plays themselves. The members want the text in the Cambridge edition, at a price that is not practically prohibitive, and in response to their demand twenty-five of the most prominent newspapers have united to print such an edition, for their subscribers and readers only, in handy pocket size, thirteen volumes, with the celebrated "Notes" by Israel Gollancz. By making an edition of 50,000 sets, the first or manufacturing cost of each volume has been so reduced that a handsome cloth-bound volume can be produced for 20 cents. This is less than one-fifth the cost of any similar edition. The special Shakespeare Club edition will be limited to members of the Clubs and Newspapers only, and The CHRONICLE and HERALD will control all that are taken in Portsmouth.

The Price to Members.

Each subscriber and reader of The CHRONICLE and HERALD will be considered a member of The CHRONICLE and HERALD Shakespeare Club, and entitled to purchase the set of thirteen volumes at 20 cents a volume at The CHRONICLE and HERALD office, or 25 cents postpaid, so long as the edition lasts. The edition is limited and will not be reprinted at this price or any price near it. This edition absolutely eliminates all profits of dealers and middlemen, and all cost of advertising (which comprises 75 per cent of the cost of every book) owing them to the subscribers. They can secure them in no other way than this Newspaper edition provides for. When this edition is exhausted the distribution at this price necessarily ends. This paper does not agree to fill orders, but only such orders as it may receive while the edition lasts.

The Text, Notes and Index.

The "Cambridge edition" is the text edited by William George Clark and William Adis Wright, and follows generally the text of the first folio. It has been carefully followed for this edition and the notes by Israel Gollancz are those used in the famous Temple edition, and are as nearly perfect as scholarship can make them.

The greatest charm of this edition is the thirteenth or extra volume. This is a glossary, concordance, an index of first lines, alphabetically arranged, enabling the reader to instantly refer to any character or quotation he may wish to find. It is an invaluable aid to every reader, student and writer, specially made for this edition.

The Style of Manufacture.

The thirteen volumes are gems of the printer's and book-binder's art. The paper, press-work and binding are of the very best. The type on each page is six inches long by three inches wide, in long primer, and there are 4,000 pages of this size. These make thirteen bound volumes, four inches wide by seven inches long, of about 300 pages each, including an index volume of 320 pages. Handsome illustrations are frontispieces to the volumes.

The binding is in embossed cloth, not only very durable, but very handsome. Each volume has the new patent stitching, and can be bound backward, without injury. Eight volumes contain three plays each, and the twelfth volume contains one play and all the miscellaneous poems. The thirteenth volume is an index, glossary and concordance to all the plays.

Taken together, it is an edition for the book lover as well as the student, and is in fact the only absolutely perfect edition in text, in quality, in size, in notes, in glossary and index at anywhere near the price.

HOW TO SECURE THE VOLUMES AT 20 CENTS.

CITY READERS' VOUCHER.

Good for One Volume

of SHAKESPEARE'S WORKS, bound in cloth, when presented at the PORTSMOUTH HERALD Office, together with Twenty Cents.

Out-of-Town Reader's Voucher.

Good for One Volume

of SHAKESPEARE'S WORKS (club edition) when mailed to The PORTSMOUTH HERALD with Twenty-five Cents.

If you are a reader of this paper and reside in Portsmouth, and can call at this office, you will need this voucher to show that you are a reader. You can thus secure the entire set of 13 volumes by means of these vouchers for \$2.60.

See the Calendar for Dates of Distribution

If you are an out-of-town reader of this paper be sure and clip this voucher, write your name and address very plainly, and enclose 25 cents for each volume desired. They will be mailed free anywhere within the United States.

Send all orders to the Shakespeare Department, The Daily Herald, Portsmouth, N. H.

TOM L. JOHNSON WINS.

Railroad Magazine Elected Mayor of Cleveland.

Cleveland, April 2. From present indications Tom L. Johnson is elected mayor of Cleveland with from 1,000 to 5,000 majority over Mr. George Campbell. Johnson's returns from the city precincts show that Johnson has 2,000 more votes than Mr. Campbell. The latter's returns show that Johnson has 2,000 more votes than Mr. Campbell. The latter's returns show that Johnson has 2,000 more votes than Mr. Campbell.

Mr. Johnson's election is attributed to his vigorous attack on the city and his single-mindedness in his fight against the corruption of the city government. He has been elected by a large majority.

Mr. Johnson's election is attributed to his vigorous attack on the city and his single-mindedness in his fight against the corruption of the city government. He has been elected by a large majority.

Mr. Johnson's election is attributed to his vigorous attack on the city and his single-mindedness in his fight against the corruption of the city government. He has been elected by a large majority.

Showing large Republican gains. The vote was two to one against advancing the city to first class.

Mayor of Canton Re-elected. Canton, O., April 2.—James H. Robinson (Rep.), elected mayor two years ago by 17, was re-elected by 1,000. The council is Democratic.

Automobile Postal Service in Buffalo. Washington, April 2.—The postoffice department has issued an order for the establishment of an automobile postal service in Buffalo. The service will be operated by the Buffalo Automobile Club.

Boat Case Settled. Washington, April 2.—The findings of the military court of inquiry which investigated the treatment alleged to have been accorded to the late Osman, a former soldier at West Point, military academy, have been made public at the war department. The findings of the court show that the statements which led to the conviction of Osman were false.

German Resumes Law Practice. Canton, N. J., April 2.—John W. Gertz, former attorney general of the state, has resumed law practice in this city yesterday morning. He was early at the office, which he had received from his late partner.

BRIEF NEWS NOTES. The wages of the employees of the city government at Portsmouth, N. H., have been raised.

Captain J. T. Jones, first lieutenant of the 1st New York Cavalry, has been appointed a major in the 1st New York Cavalry.

New York, April 2.—The city of New York has been declared a city of the first class.

Senator Tallahassee of Florida. Lindsey of Kentucky and Harris of Kansas were born in Virginia.

This is the second time that Mr. Cleveland has been the only living ex-president of the United States.

Vice Admiral Logothetis of the Russian navy has been in the service nearly 30 years. He was a lieutenant in the navy.

Loed Kelvin said recently that he had read nothing but the daily papers for nearly 30 years, although he had to use his books constantly for references.

Frank O. Lowden of Chicago has given \$3,000 as an endowment to the Northern Oratorical League for the purpose of stimulating public speaking in the west.

Samuel Wells, the remarkable blind woodworker of Kenton county, Ky., was formerly an inveterate smoker. His taste for tobacco left him at the same time as his eyesight.

Samuel Wells, the remarkable blind woodworker of Kenton county, Ky., was formerly an inveterate smoker. His taste for tobacco left him at the same time as his eyesight.

James Walker of Wilmington, N. C., whose death was announced the other day, was widely known in the south for his philanthropy. His last public gift was a hospital which cost \$20,000.

Y. N. H. bequeaths \$10,000 to the town of Derby for a building to be known as the Benjamin Adams Memorial building, to contain a public library, rooms for the public library and the town offices and fireproof vaults for the town records.

PERT PERSONALS. Li Hung Chang seems to thrive very nicely on his fatal illness.—Chicago Record.

It would be just like Papa in law Zimmerman to equip his dual son-in-law with a cash register.—Baltimore American.

The example of Andrew Carnegie is enough to make Russell Sage send his check for \$10 to some New York hospital.—Syracuse Herald.

De Rodays of the Paris Figaro can't be much of an editor when he couldn't put a head on an article like De Castellan.—Philadelphia Times.

The Sultan of Turkey has a fine tenor voice, but the pending American demand for an indemnity tends to make him sing low.—New York World.

Following upon the Duke of Manchester breach of promise suit, it was hardly necessary to announce that Miss Knight will shortly return to the stage.—Des Moines Leader.

THE ST. LOUIS FAIR.

If St. Louis got her \$5,000,000 fair appropriation under false pretenses, as is charged, congress should take the grant away, and a movement is on foot to do it.—Buffalo News.

St. Louis will probably not worry greatly over the report that when congress meets next December the law appropriating \$5,000,000 for the proposed World's fair at the Mound City is to be repealed on the ground that the fair, which it understood should be held in 1902, is not to take place until a year later. Chicago, it will be remembered, had a similar postponement for a year, and the determination proved a wise one.—Cincinnati Times-Star.

BRAKES AND COUPLINGS. St. Louis no longer has cable cars. The trolley cars now reign supreme.

The railroads today employ as many men as America contained in 1800, 2,000,000.

The railways of Great Britain pay \$1,400 a day on an average in compensation as against \$100 a day in 1850.

Blasting With Liquid Air. The experiments made with a view to using liquid air as one of the constituents of an explosive are described by A. Larsen in a paper received from the Institution of Mining Engineers. The cartridges used for blasting trials in the Simplot tunnel consisted of a wrapper filled with a carbonaceous material, such, for instance, as a mixture of equal parts of paraffin and of charcoal, and dipped bodily in liquid air until completely soaked. The cartridges were kept in liquid air at the working face of the rock until required for use, when they were put quickly in the shot holes and detonated with a small gun cotton primer and detonator. The life of such a cartridge is, unfortunately, very short after the liquid air has been removed from the liquid air.

INJURY BY X RAYS.

Reported Cases of Harm Done by the Application of the New Light. The question as to whether the application of the X rays to the human body causes any pain to the patient undergoing the treatment has aroused widespread discussion; but, according to a recent case that happened in England reported by The Scientific American, it is evident severe suffering is occasionally inflicted by their application.

A lady 68 years of age, while cycling, met with an accident which was supposed to have fractured her thigh. Shortly afterward an eruption broke out in her stomach, and to diagnose the case the Roentgen ray apparatus was brought into use. The lady eventually succumbed to the untimely, and at the inquest which followed a letter was read in which she stated that she had suffered untold agonies by the "cruel overexposure of the X rays."

The photographer stated that he made two exposures of 35 and 45 minutes respectively. The surgeon who was present at the exposures and superintended the operations stated that death was due to the exhaustion from shock produced by the fracture of the thigh and the application of the X rays. Expert evidence upon the subject was given by Dr. Lewis Jones, the medical officer in charge of the electrical department of St. Bartholomew's hospital, London, who said he considered that the exposures had been normal. He had discovered in the course of his investigations that some people were sensitive to the rays while others experienced an immunity from their effects. This was believed to be due to the condition of the skin at various times. There was always a risk of skin burn where the exposures were prolonged, but he had never heard of death being attributable to the X ray burn. The jury, however, returned a verdict that the woman died from shock and exhaustion following an accident and the effects of the X rays upon a weakened system. The photographer and surgeon were exonerated from all responsibility.

TO CURE A COLIC IN ONE DAY. Take Laxative from Quinine Tablets.

INSULT BY VENEZUELA.

Mr. Loomis' Official Protest
Ignored.

HE HAS BEEN ORDERED HOME.

As a Result of Newspaper Attacks
on Him Our Government May Be
Left Without a Minister at Caracas.
Cartoons Sent to Washington.

Washington, April 2.—It has devel-
oped that in obedience to instructions
from Washington Minister Loomis
some time ago made a vigorous pro-
test to the Venezuelan government
against the publications attacking him
and the attitude of the United States
on questions pending between the two
governments.

This protest has been disregarded,
and the attacks he reported to the state
department have continued. This is the
culminating incident in the long array
of discourteous acts committed by Ven-
ezuela.

The department perfectly under-
stands, as Senor Pulido, the Venezue-
lian charge d'affaires, has said, that

MINISTER LOOMIS.

Venezuela has a free press. It also has
an official publication known as the
Tiempo. With criticisms made by the
former this government does not con-
cern itself, but it does object to the
official publication of the state making
charges against an American agent and
abusing him in unsavory terms.

In view of the attitude adopted by
President Castro, it is believed that he
does not propose to abandon his policy.
It would not surprise officials here
should Mr. Loomis before his depart-
ure formally tell upon the minister of
foreign affairs and the president and
inform them of the reason why his gov-
ernment has directed him to return to
the United States.

Mr. Loomis May Not Return.
Mr. Loomis is not to return to his
post at Caracas immediately after he
has consulted with the state depart-
ment. The purpose is to treat Venezue-
la as Turkey was treated last year
when Minister Straus was kept in the
United States and the legation placed
in charge of Secretary Griscom. In-
deed, Mr. Loomis may not return to
Venezuela at all.

Mr. Loomis has forwarded to Wash-
ington copies of cartoons and transla-
tions of newspaper attacks. In one of
the cartoons he appears as shaking
hands with President Castro, and in
his other hand he has a knife which he
is endeavoring to thrust into the pres-
ident's back. Another cartoon repre-
sents Mr. Loomis as having two faces.

The Potomac at San Juan.
San Juan, Porto Rico, April 2.—The
naval tug Potomac has arrived here
and will join the north Atlantic squad-
ron at Culebra. It is believed that the
squadron is under orders to proceed to
Venezuela.

Griscom Starts for Home.
Constantinople, April 2.—Mr. Lloyd
C. Griscom, the secretary of the United
States minister, left Constantinople
yesterday for the United States on sev-
eral months' leave of absence. He had
an audience with the sultan at the
same time that Mr. Leishman, the new
minister, presented his credentials Fri-
day last. Later Ibrahim Bey, the mas-
ter of ceremonies, visited Mr. Griscom,
conveying the sultan's best wishes.

X Rays Without Electricity.
Paris, April 2.—It was announced at
a sitting of the Academy of Sciences
that M. Curie, a chemist, had separat-
ed a new gas from radium. This gas
is intensely phosphorescent and will
glow for months in the dark. It was
also announced that M. Naudin, a sci-
entist, had found means of producing
X rays without electricity by exposing a
metal plate to the rays of the violet
end of the spectrum.

Prince of Australia.
London, April 2.—The Standard says
it learns that a suggestion has been
made to King Edward from a repre-
sentative colonial quarter that the
Duke of Cornwall and York be creat-
ed prince of Australia in commemora-
tion of the foundation of the Australian
commonwealth. The matter has
been referred to the ministers.

M. P. Subject to Fines.
London, April 2.—Cabinet ministers
who are members of the house of com-
mons are, according to a clipping
circulated in the government, liable to
aggregating £1,000,000 for not hav-
ing been re-elected to parliament when
they resigned at the time of Queen
Victoria's death and again took up
their offices.

Thirty Thousand Scotch Miners Idle.
London, April 2.—Reports received at
a mass meeting of the Lanarkshire cel-
lery engine handlers at Hamilton
showed that 30,000 miners were idle in
Scotland owing to the strike for an
eight hour day.

OUR TRADE WITH CHINA

Sir Robert Hart Shows How It
Has Increased.

REFORMATION OF TSUNG-LI-YAMEN

Foreign Ministers Want It Composed
of One Prince and Two Appointed
Ministers—Court Ceremonials to Be
Organized on Western Lines.

Peking, April 2.—Sir Robert Hart, in-
spector general of Chinese customs, has
sent to the legations customs compari-
sons for the past five years. These
show a great increase in American
trade, particularly in fannels, sheetings
and jeans, and a corresponding de-
crease in British trade. They also show
a great falling off in the American ker-
osene trade. Russia has a greater part
of the business in oil and the mer-
chants fear Russian competition, espe-
cially in cotton goods and oil, while
owing to the "closed door" policy Man-
churia will be lost entirely to interna-
tional trade.

To Reform Tsung-Li-Yamen.
The ministers of the powers met on
Saturday to consider the resolutions of
the special committee for the reforma-
tion of the tsung-li-yamen and the court
ceremonials. It was decided that the
tsung-li-yamen should hereafter consist
of one prince and two appointed min-
isters who should be responsible to the
world for the behavior of China.

The court ceremonials will be organ-
ized on western lines, making due
allowances for oriental ideas and prej-
udices.

The indemnity committee is not yet
ready to report, but it is generally con-
ceded that the demand will be im-
mense. Mr. Rockhill, acting upon in-
structions from Washington, has sent
a letter to the ministers of the powers
asserting that in the event of the
amount being larger than China could
possibly afford without the disruption
of the empire the ministers should
agree to reduce their demands in pro-
portion to the losses and expenses of
their respective countries and that in
the event of being unable to agree the
matter should be left to the arbitration
of The Hague tribunal.

A German Expedition.
Missionaries have reported to the
United States legation that they have
received reliable information that a
German expedition from Shanghai,
3,000 strong, has reached Thai-yuan.
The Germans at headquarters deny
having any knowledge on the subject.

Today Li Hing Chang entertained at
luncheon the ministers of the powers
and Count von Walderssee.

Count von Walderssee has ordered the
generals commanding the allied troops
and has requested the other generals
to confer at the Winter palace regard-
ing the instructions to be given the
ministers and as to what military ac-
tion is necessary to be taken under ar-
ticles 9 and 10 of the joint note.

Frenchmen Assail British Officers.
Tientsin, April 2.—Captain Barrett
of the Burma troops was assaulted
with sabers by seven Frenchmen Sun-
day evening. He was not, however,
dangerously wounded.

Barrymore to Go to Asylum.
New York, April 2.—Mrs. Stewart
Wildman and Fitch yesterday made an
examination of Maurice Barrymore,
now a patient in Bellevue hospital.
Barrymore had passed a quiet night,
sleeping the deep sleep of utter ex-
haustion. The patient was in a posi-
tion thoroughly favorable for an ex-
amination, and about 3 o'clock he was
led into the private room. Miss Ethel
and Jack Barrymore drove down to-
gether from their apartment in West
Thirty-sixth street to await the de-
cision of the doctors and found Mrs.
Barrymore and her sister already on
the spot. None of the party was al-
lowed to see the actor for fear of ex-
citing him. At the conclusion of the
examination Dr. Stewart announced
that the patient was hopelessly insane
and was suffering from general par-
alysis. It was also given out that he
will be taken to Rivercrest asylum at
Astoria.

British Get Big Concession.
London, April 2.—A story is printed
that a syndicate of London financiers
have obtained a concession of 71,000
square miles in the provinces of Shan-
si and Honan, in the very heart of
China's mineral wealth. The conces-
sion, it is said, includes an unbroken
coal belt extending 3,000 miles, besides
great fields of iron and petroleum. The
concession, it is declared, dwarfs Rus-
sia's movement and gives to British
enterprise what is perhaps the richest
mineral belt in the world. The syn-
dicate has few members. Some Italians
are interested in it. It is stated that
the working capital is £5,000,000. The
report emanates from a single unoffi-
cial source.

Half Time for Collieries.
Wilkesbarre, Pa., April 2.—Notices
are posted at all the mines of the De-
laware and Hudson company that until
further notice the collieries will work
only half time. In the Wyoming region
about 1,000 men and boys are affected.
During March or since a strike of min-
ers was first talked of the output of
coal has been very heavy. Everybody
who could stock up, but say that the
operators and miners have settled
their differences there is a big falling
off in the demand.

To Care For Cuban Orphans.
Albany, April 2.—The Benevolent So-
ciety of Divine Providence, with its
principal office in New York city, has
made application to the state board of
charities for permission to incorporate.
The objects of the proposed corporation
are the care and education of the or-
phan and other destitute children of
Cuba.

Won Lawsuit and Dropped Dead.
Plattsburg, N. Y., April 2.—Benjamin
B. Mason, a well known attorney of
Keeseville, N. Y., died suddenly here
last night. Only one hour before Jus-
tice Leslie W. Russell in the supreme
court here directed a verdict in Mas-
on's favor in a lawsuit involving
about \$400. Mason left the court-
house, ate supper and, feeling unwell,
went to a doctor's office, where he
dropped dead almost instantly. He
was 42 years old and leaves a wife and
a 9-year-old son.

General French's Operations.
Dundee, April 2.—It is reported from
Vryheid that as a result of General
French's recent operations the Boers
are retiring eastward, hard pressed by
Colonel Durnell of the Natal police
and Colonel Alderson. Some of them
endeavored to break away to the
north, but were headed off by Colonel
Alenby, who captured a 15 pounder
and two pompons.

Ex-Congressman Bradley Dead.
New York, April 2.—Former Repre-
sentative Thomas J. Bradley is dead at
his home in this city. Mr. Bradley was
35 years old. He was twice elected rep-
resentative from the Ninth congress-
sional district, his last term ending
March 1.

Salisbury Doing Well.
London, April 2.—Although no bulle-
tin has been issued, it is said that Lord
Salisbury is progressing satisfactorily
toward recovery from his illness.

Twenty Turkish Soldiers Drowned.
Jiddah, Arabia, April 2.—The Turk-
ish transport Aslan has been wrecked
near Yumbo. Twenty soldiers were
drowned.

Weather Forecast.
Rain and warmer.

NEW MOVE BY BOERS.

Chartered Company Relieved of In-
demnity For Jameson Raid.

London, April 2.—Dispatches from
Cape Town and Brussels talk of Gen-
eral Botha and General De Wet join-
ing a gathering of 13,000 men for op-
erations against General French in the
Transvaal.

Two hundred Boers have reappeared
near Richmond, Cape Colony, and the
town guard has been called out to de-
fend the place.

From a statement made yesterday by
Mr. Chamberlain, the colonial secre-
tary, in the house of commons it ap-
pears that the South African war has
relieved the British Chartered South Africa
company of all financial liability in re-
gard to the Jameson raid, the colonial
secretary admitting that the claims of
the Transvaal had not passed to Great
Britain as the result of conquest.

Mr. Chamberlain's announcement that
the British Chartered South Africa
company has escaped the payment of
£1,000,000 as indemnity in connection
with the Jameson raid has given rise
to considerable dissatisfaction.

"It reveals a scandalous state of
things," says The Daily Chronicle.
"Ministers owe it to their own reputa-
tions and to the reputation of the coun-
try to take action, even at the risk of
failure, to recover this money."

The Daily Graphic also regards it as
"most unfortunate that the company
should thus escape the penalty of its
misdeeds."

Plague Grows in Cape Town.

Cape Town, April 2.—The bubonic
plague is increasingly virulent in Cape
Town. Five deaths, one European and
four colored, occurred yesterday, and
six new cases, two Europeans and four
colored, were officially reported.

GOMEZ REPORT TABLED.

Cuban Convention Acts on Work of
Relations Committee.

Havana, April 2.—A secret session of
the Cuban constitutional convention
was held yesterday and attended by 25
delegates. Among the absentees were
Senor Gileaga, Senor Quilas and Gen-
eral Sanguily, strong supporters of the
Platt amendment.

The first matter considered was a
resolution recommending the convention
to accept the amendment with a proviso
that the United States government
should make a reduction of 50 per cent
in the duty on Cuban products or at
least make a preference in their favor
over similar products from other coun-
tries. The resolution was tabled with-
out discussion.

The majority report of the commit-
tee on relations, signed by Senors Gome-
z, Silva and Villanueva, was read, but
after a discussion which showed that
a majority of the delegates were
opposed to it a resolution to lay it on
the table was carried. A similar dis-
position was made of reports from
Senors de Quesada, Tamayo, Nunez
and Gileaga.

A motion by Senor Montecagudo to
appoint a commission to go to Wash-
ington was defeated by a vote of 13
to 12.

It was finally decided to hold a pub-
lic session of the convention today,
when an attempt will probably be
made to reconsider the action on the
Montecagudo motion.

Head On Freight Collision.

Springfield, Mass., April 2.—Grake-
man Sheridan of North Framingham
was badly injured in a head on col-
lision between Barretts Junction and
Belchertown on the Central Vermont
railroad. The south bound freight was
not held at Belchertown and ran into
a cattle train. The engineer and fire-
man of each locomotive jumped and
were not hurt. Thirteen cars were de-
railed, and several of them were badly
smashed. A number of cattle were
killed. Passenger trains are being run
over the Central Massachusetts road
to Ware and thence to Palmer over the
Ware River branch, where they con-
nect with the Central Vermont road.

No Foreigners in This.

The Wacoita, the private yacht of
James J. Hill, the Northwestern rail-
road magnate, is now lying at anchor
in the Potomac river opposite Tenth
street. Her officers are instructed to
wait here for the arrival of the owner
and his party, who are expected not
later than Thursday. The yacht will
then drop down the river and go with
all speed to Colon. The party will in-
spect the canal and the unfinished
route. It is thought the entire journey
will consume less than 30 days.

The proposition submitted to the
president is that an American syndi-
cate be permitted to complete the
Panama canal. No foreigners will be
represented in the company. Nothing
but American money will be used.

The work will be expedited to the ut-
most. Congress will have the right to
enact such legislation as will reserve
to the United States full control in
time of war, general supervision in
time of peace, low rates for the pas-
sage of government vessels and such
other regulations as will give the gov-
ernment all the advantages arising
from actual ownership.

Seventy Head of Cattle Burned.

Port Jervis, N. Y., April 2.—The
large barn and cowhouse of former
Sheriff William J. Williams, on what is
known as the Henry C. Northrop prop-
erty, near Perkins Corners, Sussex
county, N. J., has been destroyed by
fire. The buildings were among the
best in Sussex county. Seventy head
of cattle and five valuable horses were
burned, together with a large quantity
of hay and grain, machinery and farm
implements. The fire was the work of
an incendiary.

Rathbone's Property Ordered Sold.
Hamilton, O., April 2.—Judge Nelson
has ordered the hydraulic property
owned by E. G. Rathbone and the
heirs of the late L. D. Campbell and
capitalized at \$200,000 sold and ap-
pointed J. J. Pater, a trustee, to con-
duct the sale. Pater has been acting
as receiver of the Hamilton and Ros-
sville Hydraulic company, owned by
Rathbone and the heirs of Campbell.

New York Legislature.
Albany, April 2.—Lender Allds in the
assembly last night introduced a res-
olution extending the time for the in-
troduction of bills and reports of com-
mittees. This means that the legisla-
ture will not adjourn for some time. While
an effort is being made to adjourn on
April 19, it is not believed that the leg-
islature will adjourn April 28.

Large Defalcations in Russia.
Berlin, April 2.—The St. Petersburg
correspondent of the Lokal Anzeiger
announces that an examination of the
accounts of the Russian imperial com-
ptroller general shows what are believed
to have been systematic defalcations
during the years 1893 and 1898. The
sums not accounted for aggregate 44,
000,000 rubles.

TO DIG PANAMA CANAL.

J. Pierpont Morgan's Latest
Enterprise.

WON'T OOST GOVERNMENT A CENT.

Financier Expects to Take Over
French Concession and Form an
American Syndicate—United States
Could Fortify and Control.

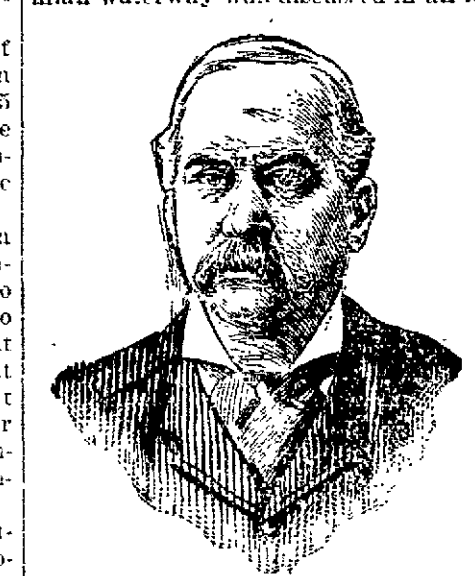

Washington, April 2.—After waiting
for two years for the proper moment J.
Pierpont Morgan has plumped his Pan-
ama canal scheme at the president, and
the president is nibbling at the bait.

In order to complete his transporta-
tion projects Morgan wants to build the
Panama canal. He has had a company
to bring that about for some time. Now
he thinks the opportunity has arrived.
He will have Hulin, the Frenchman,
removed from the presidency of the
Panama Canal company, will take over
the French concession for \$40,000,000,
will give this government any privi-
leges it may want and asks in return
the absolute killing of the Nicaragua
canal scheme to be built by government
capital.

Besides, Mr. Morgan knows that at
the Pacific end of the canal he wants
to build there is a great deposit of an-
thracite coal and some valuable gold,
and these incidental advantages have
not escaped him.

"It won't cost the government a
cent," Mr. Morgan is reported to have
said to President McKinley a few days
ago. "It will be good politics not to tie
the country up to an expenditure of
\$200,000,000 for a canal."

Mr. Morgan recently spent parts of
three days in this city. He had two con-
ferences with the president. Senator
Hanna and Attorney General Griggs
were present. The question of an isth-
mian waterway was discussed in all its

J. PIERPONT MORGAN.

phases. Mr. Morgan also saw Senor
Silva, the Colombian minister, and as-
certained the precise present and fu-
ture attitude of his government.

Between this time and the 29th,
when the president leaves on his Pa-
cific coast trip, Mr. Morgan or some
of his associates will visit the isthmus
of Panama and look over the canal
route. They will return and report to
the president before he leaves, so that
he can consider the proposition sub-
mitted during his absence and perhaps
incidentally learn something of public
sentiment on the subject.

MINISTER ATTACKED.

Unsuccessful Attempt on the Life of
M. Sipyaghin.

Vienna, April 2.—It is reported from
Warsaw that an unsuccessful attempt
has been made on the life of M. Sipyaghin,
minister of the interior.

In consequence of the Russian stu-
dents at the Warsaw university pre-
paring a demonstration in sympathy
with the students at the other univer-
sities the authorities have ordered that
the Easter vacation shall begin imme-
diately and have closed the university.

Serious disorders have occurred at
Bialystok, Russian Poland, on the oc-
casion of the funeral of a socialist.
Thousands of persons paraded the
streets singing revolutionary songs and
jeering the police. Ultimately troops
were ordered out. They cleared the
streets and arrested many of those
taking part in the demonstration.

A dispatch to the Neue Freie Presse
from Moscow says that Count Tolstol's
son Leo has been arrested.

To Fight Polygamy.

New York, April 2.—The interdenom-
inational council of women for Chris-
tian and patriotic service, whose chief
aim at present is the passage of an
antipolygamy constitutional amend-
ment, met yesterday and decided to be-
gin a vigorous crusade. Money was
voted for literature, speakers and other
necessary expenses. Mrs. Mary
Leonard Woodruff, Miss Helen M.
Gould, Miss Susan Hayes Ward and
Mrs. Alfred E. Meyers are among the
officers.

Brooklyn Players Go South.

New York, April 2.—A number of the
players of the Brooklyn baseball team
have started from Jersey City for the
south. Others will join the party at
Washington and Baltimore, and the
trip will be continued to Charlotte, N.
C., where the players will indulge in
preliminary practice. Fifteen of the
New York baseball players went
through preliminary practice at Man-
hattan field yesterday, all the men ap-
parently being in good health and in
excellent form.

Large Defalcations in Russia.
Berlin, April 2.—The St. Petersburg
correspondent of the Lokal Anzeiger
announces that an examination of the
accounts of the Russian imperial com-
ptroller

THE HERALD.

WEDNESDAY, APRIL 3, 1901.

CITY BRIEFS

The assessors are now on their rounds.

The Warner club is taking quite an interest in athletics.

R. W. Allen is the new turnkey at the jail, under Sheriff Collins.

Fred E. Dame has been given the position of keeper of the city stable.

But four days more for Lenten abstinence and the selection of Easter bonnets.

A lazy liver makes a lazy man. Burdock Blood Bitters is the natural, never failing remedy for lazy liver.

The new steel signal tower in the rear of the Woman's exchange has been erected to the height of more than sixty feet.

Salt rheum, or eczema, with its itching and burning, is cured by Hood's Sarsaparilla. So are all other blood diseases.

The Moses H. Goodrich fire engine company will have another of its enjoyable whist parties this Wednesday evening.

The Daughters of Liberty sewing circle will meet with Mrs. F. W. Willey, Madison street, this Wednesday afternoon and evening.

Eczema, scald head, hives, itchiness of the skin of any sort, instantly relieved, permanently cured. Doan's Ointment. At any drug store.

At the stated convocation of Olivet Commandery, Knights of Malta, Tuesday evening, the Knight of Malta degree was worked on one candidate.

It's the little colds that grow into big colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.

The King's Daughters of the North church will hold a special meeting at the home of Mrs. Robert L. Ellery, Highland street, this Wednesday afternoon.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Eclectic Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

The new board of county commissioners, consisting of Joseph R. Rowe of Brentwood, John H. Griffin of New market and Caylon Spinney of this city, held a meeting in this city on Tuesday.

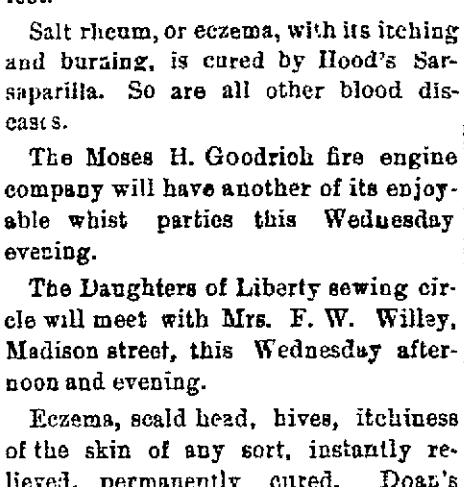

There will be special cars to Portsmouth from Rye this Wednesday evening, for the accommodation of the people from this city who attend the invitation party of the Every Other Tuesday club.

The nominating committee for election of officers of the Graffort club for the ensuing year, as appointed by the president, are Mrs. Helen E. Thayer, chairman; Mrs. Annie H. Hewitt, and Mrs. Williametta C. Staples.

Chief Engineer Randall, accompanied by Aldermen Wells and Blaisdell of the aldermanic committee on fire department, went to Boston on Tuesday, to buy new extension ladders to replace those smashed in the accident on Market street, Monday.

A man who has made a study of the weather and signs of the seasons for many years said a few days ago that he felt sure that we would have a late, cold spring this season. He said that he had seen several flocks of geese flying towards the south, and he had never known that to fail to signify late spring.

A "shirt waist party" is an Auburn, Me., social function to come off April 11th, and the young men of the city are wondering if they are not to appear in shirt waists as well as their partners. They hold that the shirt waist man arrived last summer to stay and that he might as well open up the Maine season early and in determined fashion.

OLD HOME WEEK ASSOCIATION.

Annual Meeting Will be Held On Wednesday, April 17th.

The annual meeting of the New Hampshire Old Home Week association will be held at the rooms of the State Board of Agriculture, in the State Library, Concord, on Wednesday, April 17th, at eleven o'clock, A. M.

The business to be transacted consists of election of officers, fixing date of Old Home week of 1901, and making arrangements for a general observance of the event.

Secretary N. J. Batchelder has sent out the following announcement regarding the meeting:

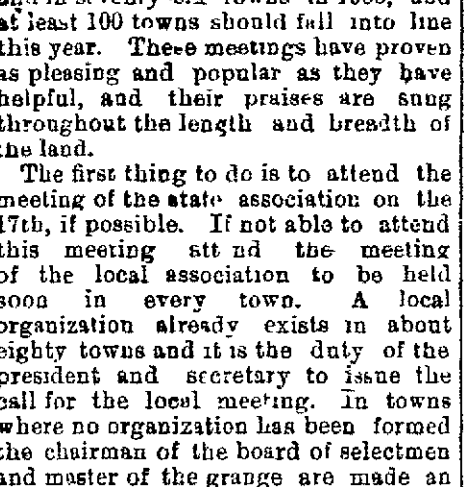

Concord, April 2 1901.

The annual meeting of the New Hampshire Old Home Week association has been called for April 17th, and marks the beginning of the Old Home week campaign of 1901. The eminent success of this movement in two previous years is guarantee of its success this year, if the proper effort is made. It is generally conceded by people qualified to judge that no movement in recent years has contributed more to the general welfare of the rural sections of New Hampshire than did the Old Home week meetings of 1899 and 1900. Enthusiastic meetings were held in forty-four towns in 1899, and in seventy-six towns in 1900, and at least 100 towns should fall into line this year. These meetings have proven as pleasing and popular as they have helpful, and their praises are sung throughout the length and breadth of the land.

The first thing to do is to attend the meeting of the state association on the 17th, if possible. If not able to attend this meeting attend the meeting of the local association to be held soon in every town. A local organization already exists in about eighty towns and it is the duty of the president and secretary to issue the call for the local meeting. In towns where no organization has been formed the chairman of the board of selectmen and master of the grange are made an organizing committee to canvass the town and perfect an organization. The meetings for election of officers and general arrangements should be held before the busy season upon the farm commences, in order that plenty of time may be given to considering the general plan of the Old Home week gathering. The state association, at the annual meeting on the 17th, will fix the week to be observed as Old Home week, and the work should then be immediately taken up in towns.

We are prepared to send reports of the meetings held in 1900 to any person desiring them until the supply is exhausted and will be pleased to aid in the formation of local associations so far as possible. Yours truly,

N. J. BACHELDER, Secretary.

GET LEAVES WITH PAY.

Per Diem Employees At All Naval Stations.

Provisions Of The Act Of Congress Put Into Operation.

This Formal Confirmation Good News To Men On The Yards.

In accordance with the provisions of a special act of congress, the secretary of the navy has informed commandants of navy yards and naval stations that they may grant per diem employees, in addition to the classified competitive service, as well as laborers and mechanics, fifteen days' leave of absence, with pay, each calendar year, provided the applicant has served during a period of twelve consecutive months or more immediately preceding the date of his application.

It is also provided that per annum employees who have exhausted their thirty days' leave with pay may have an extension of leave not exceeding thirty days in the calendar year, in the discretion of the secretary of the navy, upon any one of the following conditions.

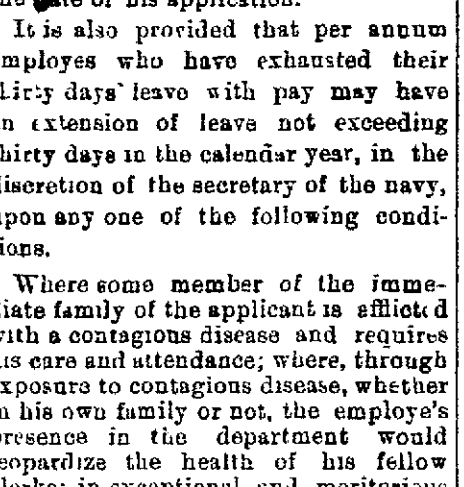

Where some member of the immediate family of the applicant is afflicted with a contagious disease and requires his care and attendance; where, through exposure to contagious disease, whether in his own family or not, the employee's presence in the department would jeopardize the health of his fellow clerks; in exceptional and meritorious cases, where the employee is personally ill, and where to limit his annual leave to thirty days in any one year would work peculiar hardship.

What will in this connection constitute an "exceptional" case, a "meritorious" case and "peculiar hardship" cannot be defined in any legal rule, the secretary says, but must depend upon the exercise of a reasonable discretion in the consideration of the circumstances.

Sundays and days declared public holidays by law or executive order will not be charged except when included in a period of leave without pay.

For Over Fifty Years

Mrs. Winslow's SOOTHING SYRUP has been used for children teething. It soothes the child, softens the gums, allays all pain, cures whooping cough and is the best remedy for diarrhoea, twenty-five cents a bottle.

PERSONALS.

Harry Pryor has arrived home from Jamaica.

Mrs. E. Percy Lawrence, Hanover street, is quite ill.

Attorney John H. Bartlett attended the probate court in Raymond on Tuesday.

Mrs. Margaret A. Chase of Lynn, Mass., is visiting her brother, James Kehoe, Bridge street.

Howard Akerman, Islington street, is visiting his cousin, Edward R. Lighthouse of New Haven, Conn.

Mrs. John J. Berry and little daughter Helen have arrived home from New Jersey, where they passed the winter.

Capt. Thomas P. Salter has given twenty-five dollars for the benefit of the new library of the Universalist Sunday school.

Mrs. Horace Sawyer of Lynn, Mass., who has been visiting her son, Walter, M. Sawyer and family, Columbia street, has returned home.

Mrs. C. F. Wells and daughter, Miss Irma F. Wells, and Mrs. Valentine A. Hett, went to Boston on Tuesday, to attend the production of Ben Hur in the evening.

Judge Page went to Alfred, Me., on Tuesday, to probate the will of Mrs. Eveline Grant, widow of Joseph S. Grant of Eliot, who died early in the present year.

Col. Robert H. Rolfe of the First New Hampshire volunteers in the Spanish war has just received an appointment as captain and quartermaster in the regular army.

Miss Lydia Preble, who has been very ill at the Cottage hospital for several weeks, has so far recovered as to be able to leave that institution, for the home of her sister, Mrs. Stoddard, Richards avenue.

Educate Your Bowels With Cascarets. Candy Cathartic, cure constipation forever. 10c, 25c. If C. C. C. fail, druggists refund money.

GRAFFORT CLUB.

On Wednesday evening, April 10th, at Peirce hall, Mrs. Waldo Richards of Boston will read the charming little story "Monsieur Beaucaire," before the Graffort club. This second appearance here this winter of this gifted reader will be a most welcome one, since she so delighted the audience which greeted her when she gave her miscellaneous readings.

The Boston Herald in speaking of a recent reading says: "The reading of 'Monsieur Beaucaire' was a revelation, even to that gifted artist's most sanguine friends. The dramatic fire and strength were as strongly portrayed as were the delicacy and fineness of intellectual perception which the singularly fascinating story called for. Mrs. Richards held her audience from the first moment."

The St. Paul Dispatch says: "Since Stevenson laid aside his pen there has not appeared in English speech anything so worthy of the word perfection as Booth Tarkington's 'Monsieur Beaucaire.'"

This reading will be open to the public at 50 cents admission.

HE DROPPED IT.

A young man was walking down Market street on a recent evening, holding gingerly under his arm a round and unwieldy bundle. Suddenly there was a crash and those who saw him noticed that the bundle was no longer to be seen. With a disgusted air he looked at the pavement and then walked away. As the night policeman walked by the spot, he noticed pieces of broken glass, some pretty little shells and two gold fish in their last death struggle on the pavement. It is evident that there is one home in the city where the latest fad, gold fish, has not yet appeared.

HARBOR FRONT NEWS.

Arrived, April 3—Steamer John Wise, Stonington for navy yard, barge Margery, do.; schooners Electric Flash, Mt. Desert for Boston; Pavola, (British) Newport for St. John.

BABY'S BUSINESS

A healthy baby is comfortable; and that is enough for a baby. His business in life is to grow.

Aside from acute diseases, his food is the cause of most of his troubles. But Scott's emulsion of cod-liver oil delivers him from it.

He isn't sick; only a little hitch, somewhere, in his machine for turning food into growth.

It is a great thing to do, for a baby, to help him over a hitch with mere food—the emulsion is food that has the tact to get there.

The tact to get there is medicine.

We'll send you a little to try, if you like.

SCOTT & BOWNE, 409 Pearl street, New York.

AT THE NAVY YARD.

Rear Admiral Read, U. S. N., has made an excellent impression.

About fifty from the navy yard will attend the theatre on Thursday evening.

Frank T. Riley, ship keeper on the Reina Mercedes, is on the sick list and James M. Satter is substituting.

A representative of the Laconia Car company was at the yard on Tuesday to submit plans to Naval Constructor Tawroskey.

Portsmouth, April 1, 1901.

WILL ADDRESS THE TEACHERS.

A. O. Boyden, principal of the Bridge-water, Mass., normal school, will address the teachers at the high school on Thursday afternoon, April 11th, his subject being "Nature Study."

A Perfect Blood Purifier

The same wonderful properties that render "True's Elixir" so highly efficacious in expelling worms from the system make it a perfect cleanser of the blood. As a SPRING MEDICINE, no Sarsaparilla is so highly effective. TRUE'S ELIXIR acts AT ONCE! It expels all waste and extraneous matter; leaves the blood rich and pure, giving health and new life to the whole system!

Restores Lost Appetite
Cleanses the System
Expels Impurities
Enriches the Blood

Try a 35 cent bottle. Sold at all Drug Stores. In use 50 years.

DR. J. P. TRUE & CO., Auburn, Me.
